

Art Statement of Intent

To practice any art, is a way to make your soul grow.

Art has a very important place in our curriculum. We believe art education stimulates creativity and imagination whilst giving the child unique opportunities to develop intellectually, emotionally, physically and socially. The appreciation and enjoyment of the visual arts enriches all our lives.

At Whinstone Primary, we aim to engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design.

Aims

- ♣ Produce creative work, exploring their ideas and recording their experiences
- ♣ Become proficient in drawing, painting, sculpture and other art, craft and design techniques
- ♣ Evaluate and analyse creative works using the language of art, craft and design
- ♣ Know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.

Whinstone Primary School Year 1 Art

Art and Design KS1 National Curriculum

Pupils should be taught:

- to use a range of materials creatively to design and make products
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

Art and Design KS2 National Curriculum

Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

Pupils should be taught:

- to create sketch books to record their observations and use them to review and revisit ideas
- to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay] about great artists, architects and designers in history.

Art and Design Implementation

Art and Design is taught as an area of learning in its own right, as well as integrated with other curriculum areas where appropriate. There is also flexibility to seize opportunities to celebrate and acknowledge significant events.
