How can I help my child to logon?

Username	
Password	

Whinstone has paid for your child to have access to
Education City and Purple Mash at home. The login
details are the same for both. Please help your child to become independent at
logging into these, as it is also his/her logon for the school computers.
Online safety: help to reinforce school's safety message that they should never
share his/her password with anyone.

Save these to your internet favourites…..
Purple Mash–   www.purplemash.co.uk/sch/whinstone
Education City—   www.educationcity.com

Along the top view of the Purple Mash page, you have icons to connect you to areas…

Home—Takes you back to this Homepage
2DO—Work in here is set by the teacher
Work—If you have saved anything, it will be in here
Sharing– If you would like your work to be on a Purple Mash School Noticeboard, it can be sent here

Tools—These are fantastic online programs for your child to design and make various things
Games– Various games to play, all educational of course… and fun!
Mini Mash for Foundation Stage and KS1
Serial Mash— Online Books to read and activities to follow
ENGLISH, MATHEMATICS, SCIENCE,COMPUTING, ART, TOPICS. Are links to pages with

Anything that has been set by the class teacher is within the 2DO section

Examples of some great things to do….

- 2Paint/ 2 Create a picture are great for drawing skills.
- 2Publish is a simpler way of making posters, leaflets etc.
- 2DIY 3D is fantastic for beginning to make games, all with help videos.
- 2Design and Make is great for making quick 3d projects, like a 3D car to print out, fold and stick.
- 2Count, 2Graph and 2Investigate are great data handling tools for Maths.
- 2Go is fantastic for making an object follow instructions to move around a grid (like roamer).
- Logo is a pre-cursor for coding. Children have to write instructions for the arrow to move.
- 2Explore, 2Beat and 2Sequence are great musical tools for children to enjoy as well as learning.
- 2Animate is a simple way of making 2D drawing animations.
- 2Write is for writing collaboration.
- 2DIY is great for all ages to make interactive games…. Very simply!
- 2Code is Purple Mash's set of lessons to introduce children to the power of computer coding
- 2Create a Story is a great way of encouraging a child to write a story with pictures. They can even record their voices and add sounds to make it really come alive!

Watch out for the film reel icon and the ? Icon. These can have helpful videos and hints if you are stuck!

SAVING WORK…
The great thing about Purple Mash is that work can be saved and finished off at home / at school. Please note that although your child can see other children's pieces of work, they are only allowed to edit their own creations.
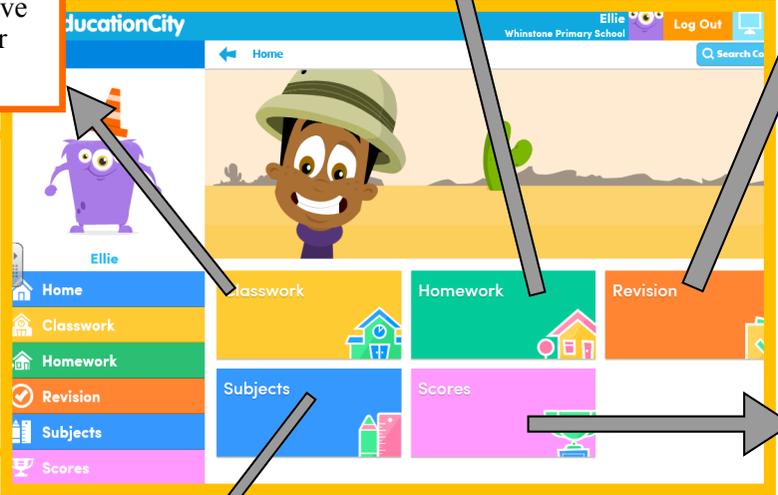

EducationCity.com

HOMEWORK
If a teacher has set homework, just click on here to access it. Once you have completed it, your teacher will be sent your scores.

REVISION
Here are revision tasks set by the teacher. Once you have completed these, extra tasks may be set on questions you found tricky.

CLASSWORK
If a teacher has set work for in school, just click on here to access it. Once you have completed it, your teacher will be sent your scores.

If you click on SUBJECTS, you have the choice of Maths, English , Science or Online Safety. Once you click on these, you can choose the year group. The activities on the next screen will adhere to the year group's objectives.

SCORES
Check in here to look at previous scores from homework and classroom tasks

Whinstone Primary School

Online Learning

March 2020

Key Stage 2

This leaflet has been created for…

Year _____

Your child also has a Times Tables Rockstars password, to be able to access division and multiplication fast paced sums!

Username	
Password	

KS2 children have access to Office 365 for their emails.

Your child's email address is made up like this
ie Joe Bloggs

wi13jbloggs@whinstone.org.uk (their username for Purple Mash plus @whinstone.org.uk)

Their password is the same as for Purple Mash/Ed City.

PLEASE can you reiterate online safety if your child uses their email at home, for example making sure that they are always kind in what they type, and not emailing photographs of themselves to others. Any user who breaks our rules of not 'BEING SAFE' will risk their email account being deleted.

Office 365 also allows you to download Word, Powerpoint and Excel for FREE to your home devices (normally around £100)

For more information, go to…
https://www.whinstone.org.uk/online-learning-whinstone/
